

Barone added to Canature sales staff

Canature announced the addition of Mike Barone as its new Northeastern US Sales Manager. He will work with Murray Donahoe, who is transitioning to an inside customer service role, to add new business as well as provide a continued high level of support for Donahoe's existing customers. Barone has nearly 25 years of direct industry experience, with 15 years in regional sales management roles with Culligan, Res Kem and most recently, Hellenbrand. His wealth of experience will provide dealers with a valuable resource to support their growth. Barone has developed and implemented several effective sales and service programs, as well as professional sales and technical training. He will report directly to David Taft, SVP of Business Development (Eastern US Region) and will be assisting Donahoe transition into his new role. Barone will be based out of West Seneca, NY and can be reached by phone, (716) 799-9733 or by email, mike.barone@canaturena.com.

Kimbriel, Glines appointed at Marlo

Marlo Incorporated announced that David Kimbriel (Application Engineer/Inside Sales Representative) and Brian Glines (Financial Accounting Manager) have joined the company. Kimbriel brings over 25 years of both water and wastewater treatment experience to the company. He will use his extensive knowledge of the commercial and industrial markets to help specify and support the equipment and system needs of the Marlo distributor network, design engineering firms and other specialty sales channels. Glines, a graduate of Arizona State University, earned degrees in both accounting and finance. His previous company experience includes numerous summer internships at

Marlo, in addition to working at a business strategy consulting firm in Phoenix, AZ. Both will be based out of corporate headquarters in Racine, WI.

Ruddick retirement from Culligan announced

The Arizona Water Quality Association announced that Rex Ruddick of Culligan Tucson is retiring after 24 years of leading the dealership. During that time, he has been one of the water treatment industry's best representatives, working with leaders in the Tucson community, serving on the AWQA Board of Directors and leading the AWQA as President in 1997 and 1998.

UV Pure joined by Razavi

Babak Razavi has joined UV Pure as Director of Sales, Export Markets with a focus to accelerate and enhance the worldwide availability of the company's products and services to representatives and customers. He will draw on his nearly 20 years of experience in global business development to foster stronger relationships with UV Pure partners and further enhance the ease, speed and efficiency of bringing the systems into international markets. Razavi will also play an important role in helping communities worldwide implement the company's

Pool industry mourns Van Rossen

The National Swimming Pool Foundation shared sad news of the passing of Donald P. Van Rossen, PhD, one of that industry's great talents, who played a key role in the development of NSPF's first *Pool & Spa Operator Handbook*. Coach Van Rossen completed his PhD in sports psychology from the University of Illinois and became a tenured professor at the University of Oregon. In the early 1970s, he saw a need for a written document of best practices in pool and spa care, and authored the first formal, black and white course handbook, which outlined how to care for a swimming pool and spa. By the late 1970s, the booming pool industry had taken notice of the first complete swimming pool manual and Dr. Van Rossen sought to expand beyond his own ability to teach, when he approached the National Swimming Pool Foundation.

disinfection systems to protect public health and the environment. Accredited as a Chemical Engineer from the Tehran Polytechnic University, he also holds a diploma in international business management from Seneca College in Ontario and an MBA in international business management from Centenary College, NJ.

Frausto, Zabin promoted at QMP

QMP, Inc. announced the promotions of Baldemar Frausto to Operations Manager and Denise Zabin to Office Manager. Frausto joined the company in 2005 as Customer Service Manager, while Zabin joined QMP in 2009 as head of the purchasing department. Both have demonstrated good work practices as well as the skills and initiative to jump in and help other departments. QMP greatly appreciates their dedication, loyalty and hard work.
